

# FOR SALE

Available Immediately | Located in Livonia, Michigan

## Anode & Cathode Stamping, Aging & Cell Formation Lines, Cell Testing, Ovens, Air Handling Equipment & More

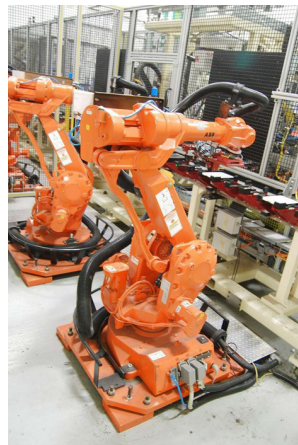

- **Battery Component Manufacturing**

- Anode & Cathode Vacuum Ovens - Noritake & Canatech
- Anode & Cathode Processing Lines - Stamping, Stacking, Cell Packaging, Cell Tab Welding, X-Ray Stations
- Cassette Assembly Line - ABB Load/Unload IRB2400 & Flex Robots
- Module Assembly Line - (2) VIL Laser Welding Systems & Test Stations
- Pack Assembly Line - Crane Cell
- Cell Formation - Rolling & Sealing; Degassing; Leak Inspection; Leak Test
- Cell Testing - ACIR & DCIR Stations; High Temp & Room Temp Aging; Formation Testing

- **Plant & Production Support Equipment**

- Sullair Air Compressors & Dryers
- Munters Dehumidification Units
- Polystar Containment System

### Also Available: Turnkey Opportunity

Complete Anode/Cathode Processing Facility - One of the Largest Electrode Battery Plants in North America

Located in Romulus, Michigan
